Problem Statement

Problem Statement

The study surveyed 1,338 higher education students from Cambodian institutions in 2020 by (Kao et al., 2022) found that over half of the students surveyed changed their major upon entering directly to university after high school graduation.

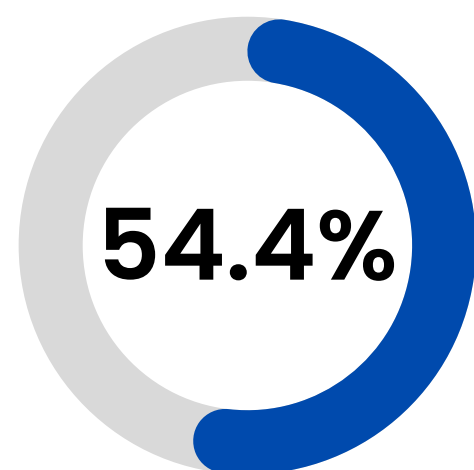

Table 5: Percentage of switchers versus non-switchers (n=1,338)

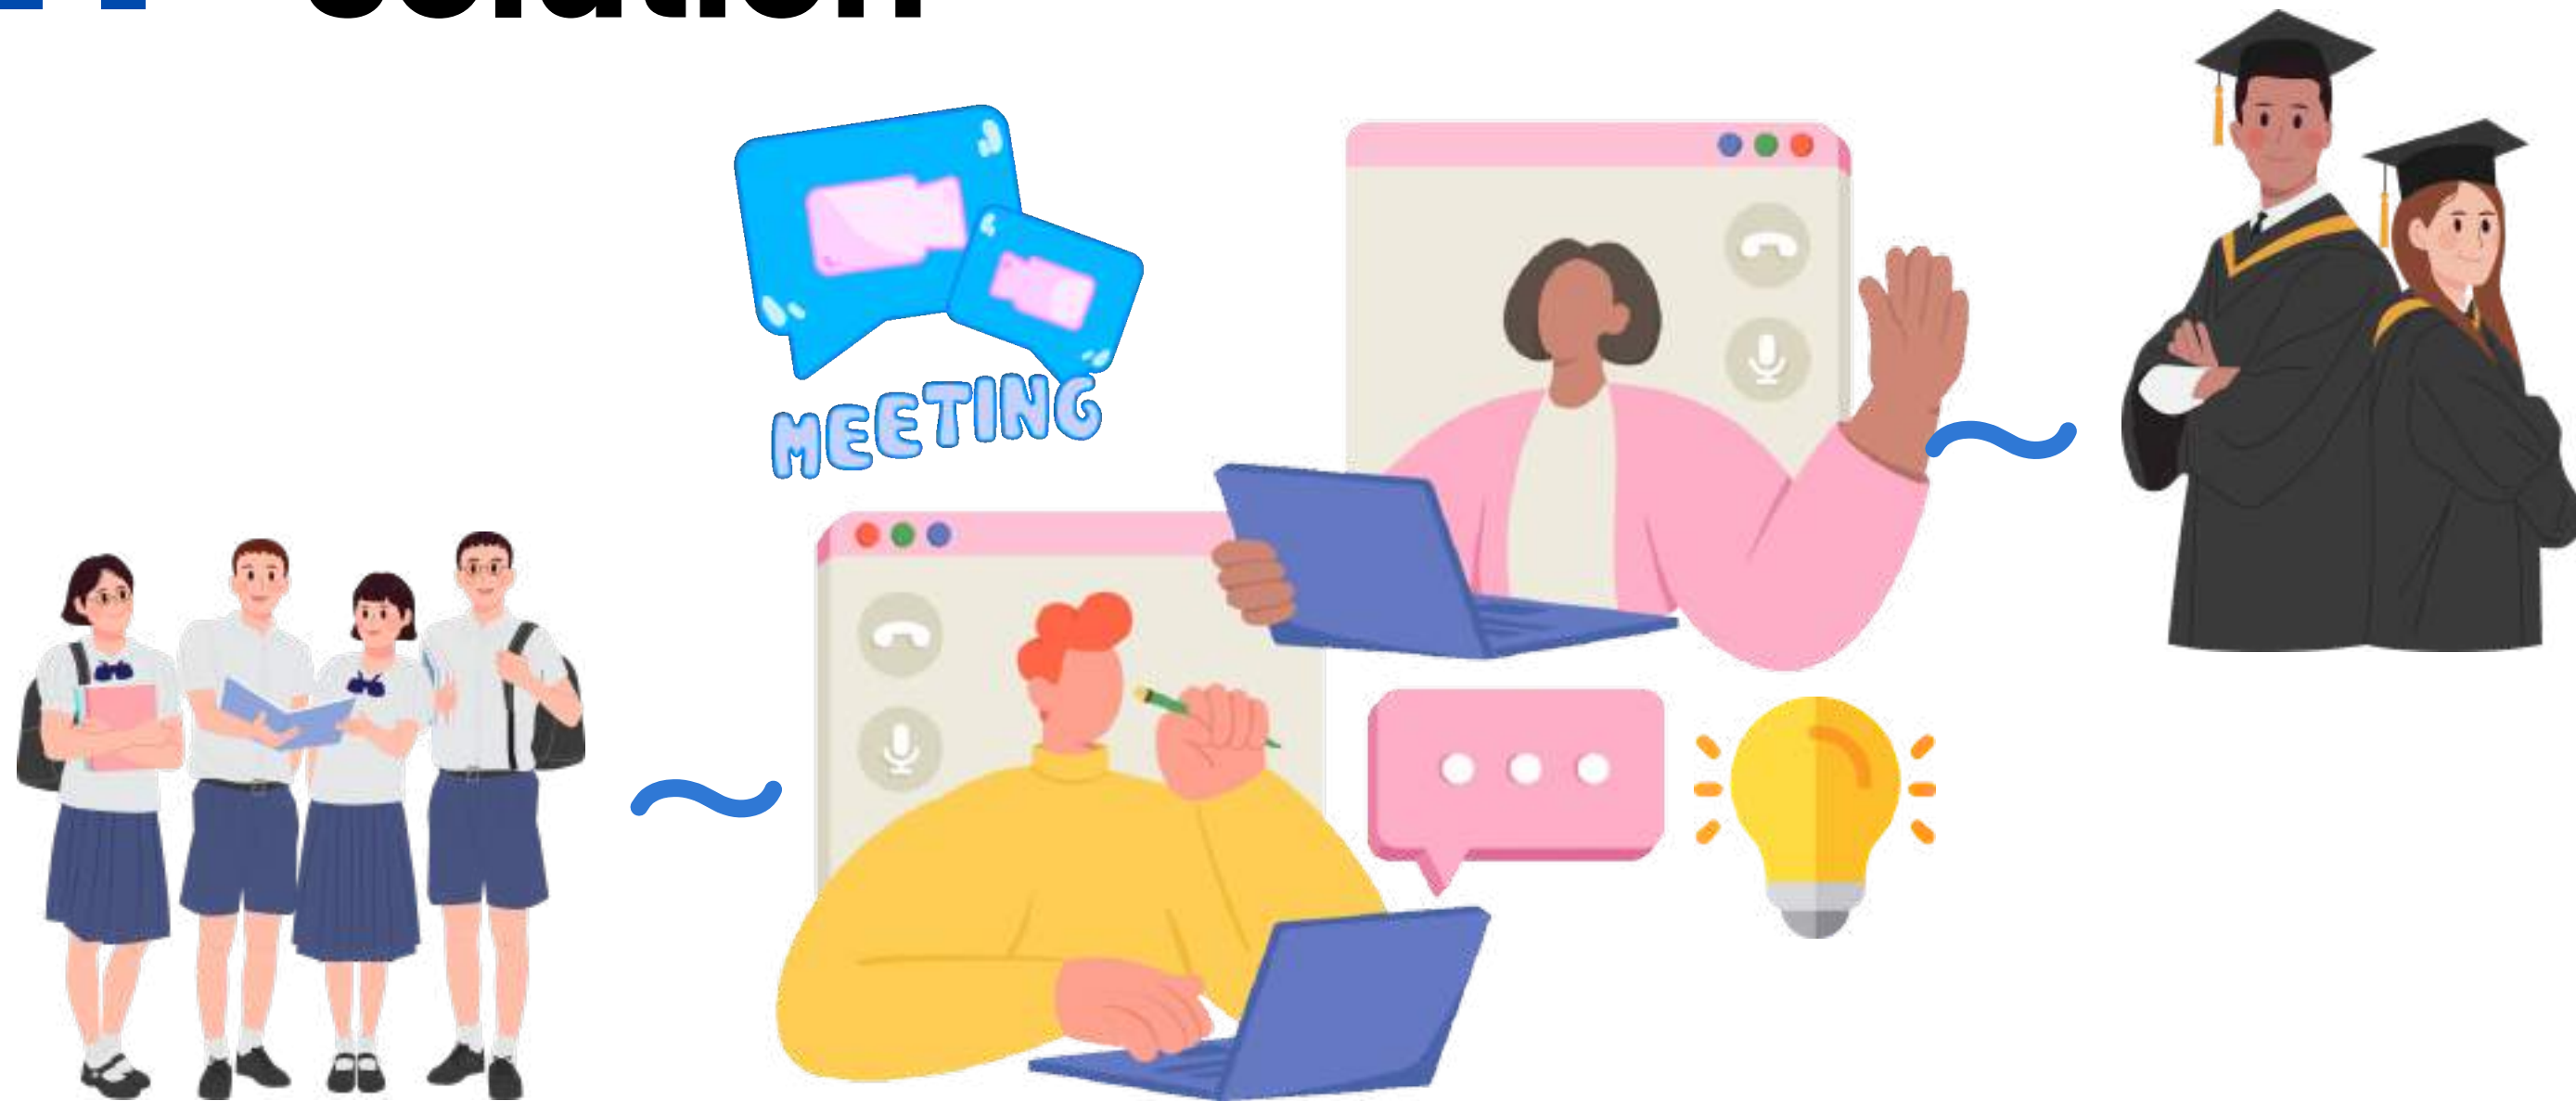

Trend	Frequency	Percentage
Switchers	727	54.4
Non-switchers	611	45.6

Source: Estimated by the authors based on the student survey
